(Consolidated Through Claim Construction)

**AMENDED JOINT STIPULATION AND
ORDER RE: BRIEFING
SCHEDULE AND HEARING DATE**

Following the Case Management Conference held on March 24, 2006, the Court adopted a briefing schedule for summary judgment motions which implicate claim construction issues. The parties have encountered unexpected difficulties in scheduling several depositions and therefore request all dates in the briefing schedule be extended by two weeks, as shown in the table below.

The parties also request that the date for the hearing on the summary judgment motions and claim construction be rescheduled for either August 22 or August 29, 2006, to accommodate vacation schedules in the first two weeks in August. All counsel prefer the August 29, 2006 date.

Additionally, the Technology Tutorial could not go forward on April 25, 2006 because plaintiff's counsel suffered a broken ankle. In light of that injury and to accommodate other counsel's trial schedule, the parties request that the Technology Tutorial take place on July 25, 2006 at 1:30 p.m.
